

AN HONEST IT COMPANY

Service that feels premium
without the premium
hassle.

OVERVIEW

At Natred, we provide a premium IT experience defined by transparency and 12 years of proven expertise in keeping businesses running smoothly. We are a brand-new company built on a decade of experience, dedicated to providing cloud-based solutions that are easy to understand and free from complicated technical jargon.

MISSION

Our mission is to align your technology with your business goals, offering a fully transparent partnership where we act as problem-solvers first. By monitoring your systems 24/7, we fix issues before they disrupt your day, allowing you to focus on what you do best - all backed by guaranteed response times provided in writing.

NATRED
AN HONEST IT COMPANY

OUR SERVICES

01

Complete IT Management

We monitor your systems and fix problems before they disrupt your day.

02

Data Protection

Everything is automatically backed up to the cloud. Your info is safe and recoverable.

03

Smart AI

We'll show you how to use tools like Claude to work smarter and automate tasks.

04

Custom Software

Need something specific? We build custom applications tailored to your business.

05

Reliable Networks

Fast, reliable WiFi or cabled connections and setup for expanding teams.

06

Hardware & Software

We handle buying hardware, negotiating pricing, and managing all licenses.

07

Strategic Tech Guidance

Expert advice on technology decisions before you make them.

We prefer these brands, but there's always room for more:
